

Eternal Touch. B. Mallory – it would be better if the City just purchased a couple of pressure washers so the City would have them available. I have spoken about the Public Workers doing a fantastic job. I would also like to say that the Deputy Clerk and Clerk are also doing a good job. I have two addendum requests for consideration to be added to the Policy & Procedure Manual. The first one is in reference to the Cell phones. The second is about leaving the job without permission.

Motion by: B. Cullefer  
Second by: D. Wilson

To add both addendum to the Policy & Procedure Manual

**New Business** –  
No new business

**Old Business** -

Recreation Surveys – A survey outline was given to all the City Council members. From the survey the majority wants Walking paths, and Basketball courts. We are going in forward motion to get our City Parks repaired. B. Cullefer- stated that there is \$10,000 in the Splost account that has been allotted for the City Parks. We also need to check on trying to get some Grants from Home Depo, Lowes, and Sumter Electric. GMA web site might have some applications for grants also.

Building Permit fees – The Mayor asked for Mr. Davis to check out the fees around our area and report back to the Council.

**Council input** -

B. Mallory – None

B. Cullefer – None.

D. Wilson – I would like to go into Executive Session at this time in reference to Personal.

M. House – Can you please tell me about the information that is in our folder on Right Spot? Mr. D.

Davis – stated that it is a program that will work with the City to find & locate all the underground lines – sewer, gas & water. It will locate all of the City underground lines. Everyone has a proposal packet in the folders. It cost a little bit of money but in the long run it will pay off.
