Old Business:

2020-21 City Budget – Mayor, does anyone have any questions? B. Cullefer – Have we ever approved for boots, and hats? I know we provide rubber boots for the workers but not boots that wear every day. A. Holloway – Yes, the City has been providing work boots for the Utility workers started during the time Shirley Walker was here. Billie Mallory – The travel and meals have been increased to \$550.00. The overtime for Administration went up to \$3000.00 this time.

Council Input:

F. Brown – Covic 19 – Can we pass a memo around stating that if been contact or if any family members have Covic 19, we must let the City administer know right away. Mayor - I am not sure if we can legally do that. Billie Mallory – Mr. Davis, can you discuss with us the situation on hand. We heard that one of our employee’s father had been tested positive with Covic 19. One of our employees came to work this morning and told us that his father was tested positive for Covic 19. Now we have three guys that are getting tested on Monday. Barbara Cullefer – Did he not have it last week? Mayor – It is mixed information from the Health Dept and CDC. Realty of this thing, we all are exposed to it every day. I think you did the right thing. Anne Holloway – Hayden informed us that we must pay the first 80 hours after 80; they are to use their PTO. Canady Matthews – Is there any way we can get the temperature of the employees. When this thing first kicked off – it stated when you are sick need to stay home. I feel that we should reprimand the employee that comes to work and endangering other employees and their families. Mayor – What do you all want to do about it? Chief – I made a policy that if you are tested positive and don’t let us know, you can be terminated. Canady Matthew – He has enough

information that he should know what he should have done. Billie Mallory – There does need to be some type of reprimand done. David Davis – Let me check with the Attorney. Billie Mallory – What is the report on Mrs. Jones- Mr. Davis? David Davis – I spoke with Mrs. Jones today. She will be tested today, and when she gets the results back. We will have to have two negative results and a letter from the doctor before she returns.
